

Wild Camp Media Website Outline

1. Website Goal

- Present Wild Camp Media as one brand with four service areas:
 - DP / Videographer Services
 - Drone Photo / Video
 - Jobsite Video Services
 - Events
- Help visitors quickly find the right service.
- Make every service page work on its own.
- Keep the site simple:
 - One page per service
 - No subpages within service pages
 - No separate About, Portfolio, Contact, or Project Inquiry pages
- Use consistent branding across the site.
- Add relevant work, background information, and contact options directly to each service page.

2. Site Map

- Home
- DP / Videographer Services
- Drone Photo / Video
- Jobsite Video Services
- Events
- Privacy Policy, if needed

3. Home Page

Purpose

- Introduce Wild Camp Media.
- Briefly explain the four service areas.
- Direct visitors to the right page.

 - How disruptive is filming?
 - Are both video and photography available?
 - Can you create social media clips?
 - Can you make recurring visits?
 - Is drone footage available?
 - What safety gear or access is required?
 - How quickly is content delivered?
 - Can you work with our marketing team?
- Contact form
- Button: **Discuss Your Jobsite**

7. Events

Purpose

- Promote events hosted by Wild Camp Media.
- Allow visitors to RSVP or buy tickets.

Sections

- Upcoming events
- Past events
- Event types:
 - Videography workshops
 - Listening club events
 - Film screenings
- Brief host biography
- Event updates signup

8. Shared Design Guidelines

- Use the same logo, colors, typography, tone, and visual style throughout.
- Give each service page content suited to its audience.
- Include selected work, a brief biography, and a contact option on every service page.
- Keep navigation and calls to action simple.
